**Magdalena G. Johndrow of Johndrow Wealth Management,
a division of Farmington River Financial Group®
Earns InvestmentNews 40 Under 40**

Farmington, Connecticut (June 18, 2018)—Magdalena “Maggie” Johndrow of Johndrow Wealth, a division of Farmington River Financial Group®, a national leading provider of financial services headquartered in Connecticut, announced today that she has been named a recipient of InvestmentNews 40 Under 40. The award was presented to Maggie Johndrow by the editors of InvestmentNews at Crain Communications headquarters, in New York, New York at a private luncheon on May 30th, 2018. InvestmentNews 40 Under 40 brings together financial professionals from the entire country to recognize the key players in the financial services market.

This award honors the tremendous potential in the financial services industry by finding often unrecognized young talent doing remarkable things. Winners must be 39 or younger and are judged, by the editors of InvestmentNews, on their accomplishments, industry contributions, leadership, and promise (passion, enthusiasm, and ideas). 1,000 advisors were considered. 4% of candidates were named to the list.

“At Johndrow Wealth we understand that our clients come to us for guidance on creating financial stability and security,” said Maggie. “Part of being able to provide the best service for our clients is remaining innovative, educated, and plugged into the world of finance—so that our clients don't have to be.”

“We are very proud that Maggie has been named a recipient of Investment News 40 Under 40,” said Lori Johndrow, founder and principal of Johndrow Wealth, a division of Farmington River Financial Group®. “This award is a testament to not only Maggie’s achievements, but also to our firm’s commitment to the community and most importantly to our clients.”
